Mark and Marianne-

On behalf of the State of Oregon, DEQ has submitted the attached comments on EPA's Proposed Plan for Portland Harbor. In anticipation of heightened media interest related to the State's comments, DEQ has also developed a message map to coordinate communication efforts between DEQ, the sister agencies, and the Governor's office. We wanted to provide this information as a courtesy to you so that you are informed of our internal messaging within the State government.

Thank you,
